96-159

PETITION

DOCKET FILE COPY ORIGINAL

I. INTRODUCTION

Southwestern Bell Telephone Company (SWBT), pursuant to Section 3(25) of the Communications Act of 1934, as amended,¹ and in accordance with the guidelines established in the Commission's Memorandum Opinion and Order (MO&O) released July 15, 1997 in CC Docket No. 96-159,² hereby makes application for a limited modification of LATA boundaries to provide ELCS between the Flat exchange and the Belton and Temple exchanges.

II. SUPPORTING INFORMATION

As prescribed in paragraph 23 of the aforementioned Commission MO&O, SWBT provides the following information in support of its application:

1. Type of service: Flat-rate, non-optional Expanded Local Calling (ELC);
2. Direction of service: Two-way;

¹ The Communications Act of 1934, as amended, 47 U.S.C. *et al.*

² Memorandum Opinion and Order, Petitions for Limited Modification of LATA Boundaries to Provide Expanded Local Calling Service at Various Locations, CC Docket No. 96-159, released July 15, 1997. By way of this MO&O the Commission adopted a format for and criteria under which such petitions would be granted. The format and criteria are detailed in paragraphs 23 and 24.

File all copies with 014
LAW OFFICE

3. Exchanges involved: Flat in the Dallas, TX LATA, Belton in the Waco, TX LATA and Temple in the Waco, TX LATA;
4. Name of carriers: Flat of Sprint/United/Centel Telephone, Belton of Southwestern Bell Telephone and Temple of Southwestern Bell Telephone;
5. State commission approval(s): See Attachment A;
6. Number of access lines or customers: Flat has 179 access lines, Belton has 10,722 access lines and Temple has 34,589 access lines;
7. Usage data: usage data is not available to Southwestern Bell Telephone. SWBT does not currently carry traffic across LATA boundaries;
8. Poll results: Percentage of Flat customers returning ballots who voted in favor of ELC to Belton: 75.41. Percentage of Flat customers returning ballots who voted in favor of ELC to Temple: 84.62. Where SWBT is the petitioning exchange, there is no proposed rate increase. Where SWBT is not the petitioning exchange, SWBT does not have information as to any proposed rate increase.
9. Community of interest statement: The Public Utility Commission of Texas includes a Community of Interest Finding in their Order(s). See Attachment A.
10. Map: See Attachment B; and,
11. Other pertinent information: None

III. *PRIMA FACIE* SHOWING

SWBT believes that it has made a *prima facie* case supporting grant of the proposed modification because the instant ELCS petition (1) has been approved by the state commission; (2) proposes only traditional local service (i.e., flat-rate, non-optional ELCS); (3) indicates that the state commission found a sufficient community of interest to warrant such service; (4) documents this community of interest through such evidence as poll results and descriptions of the communities involved; and, (5) involves a limited number of customers or

access lines. These requirements for a *prima facie* case are detailed in the aforementioned Commission MO&O paragraph 24.

IV. CONCLUSION

Wherefore, SWBT request that the Commission approve its application for a limited modification of LATA boundaries to provide ELCS between the Flat exchange and the Belton and Temple exchanges.

Respectfully submitted,

SOUTHWESTERN BELL TELEPHONE COMPANY

PUBLIC UTILITY COMMISSION
FILING CLERK

INTERIM ORDER

Findings of Fact

1. On October 23, 1995, subscribers of the Flat Exchange filed a petition for Expanded Local Calling Service (ELCS) requesting non-optional, two-way, flat rate calling to the exchanges of Belton and Temple.
2. The processes for petitioning and balloting included notice that the service would be for a flat monthly fee of up to \$3.50 per residential line and \$7.00 per business line on a non-optional basis.
3. The Flat Exchange is in the Dallas Local Access and Transport Area (LATA) and is served by United Telephone Company of Texas, Inc. (Sprint/United). The exchanges of Belton and Temple are in the Waco LATA and are served by Southwestern Bell Telephone Company (SWBT).
4. An affirmative vote of 75.41 percent of Flat Exchange subscribers responding to the ballot favored expanding the local calling scope to include the Belton Exchange.
5. An affirmative vote of 84.62 percent of Flat Exchange subscribers responding to the ballot favored expanding the local calling scope to include the Temple Exchange.
6. Order No. 3, dated July 30, 1996, abated this petition to allow SWBT to obtain a federal waiver for the expansion of the local calling scope of the Flat Exchange across a LATA boundary.

7. On July 15, 1997, the Federal Communications Commission (FCC) issued an order, *In the Matter of Petitions for Limited Modification of LATA Boundaries to Provide Expanded Local Calling Service (ELCS) at Various Locations*, CC Docket No. 96-159, FCC 97-244, (rel. July 15, 1997) (*Memorandum Opinion and Order*), providing a procedure for requesting a limited LATA boundary modification.

8. The petitioned exchanges of Belton and Temple are within the 22-mile distance requirement for community of interest to be presumed to exist between the petitioning and petitioned exchanges pursuant to 16 T.A.C. §23.49(c)(3)(B)(ii).

9. In addition to satisfying the presumptive geographic community of interest test in the Texas Public Utility Commission's rules, an affidavit attesting to the existence of a community of interest between the petitioning and petitioned exchanges was filed in this proceeding on March 6, 1996.

10. The Belton Exchange provides higher education for the Flat Exchange at Mary Hardin Baylor University, as well as employment for Flat Exchange subscribers.

11. The Temple Exchange provides major medical care at Scott and White and King Daughters Hospitals, as well as doctors, employment, and banking for Flat Exchange subscribers.

12. Based on the affidavit referenced in Finding of Fact No. 9, there is a community of interest between the petitioning Flat Exchange and each of the petitioned exchanges, i.e., the Belton Exchange and the Temple Exchange.

Ordering Paragraphs

In accordance with the findings of fact, the Commission issues the following Interim Order:

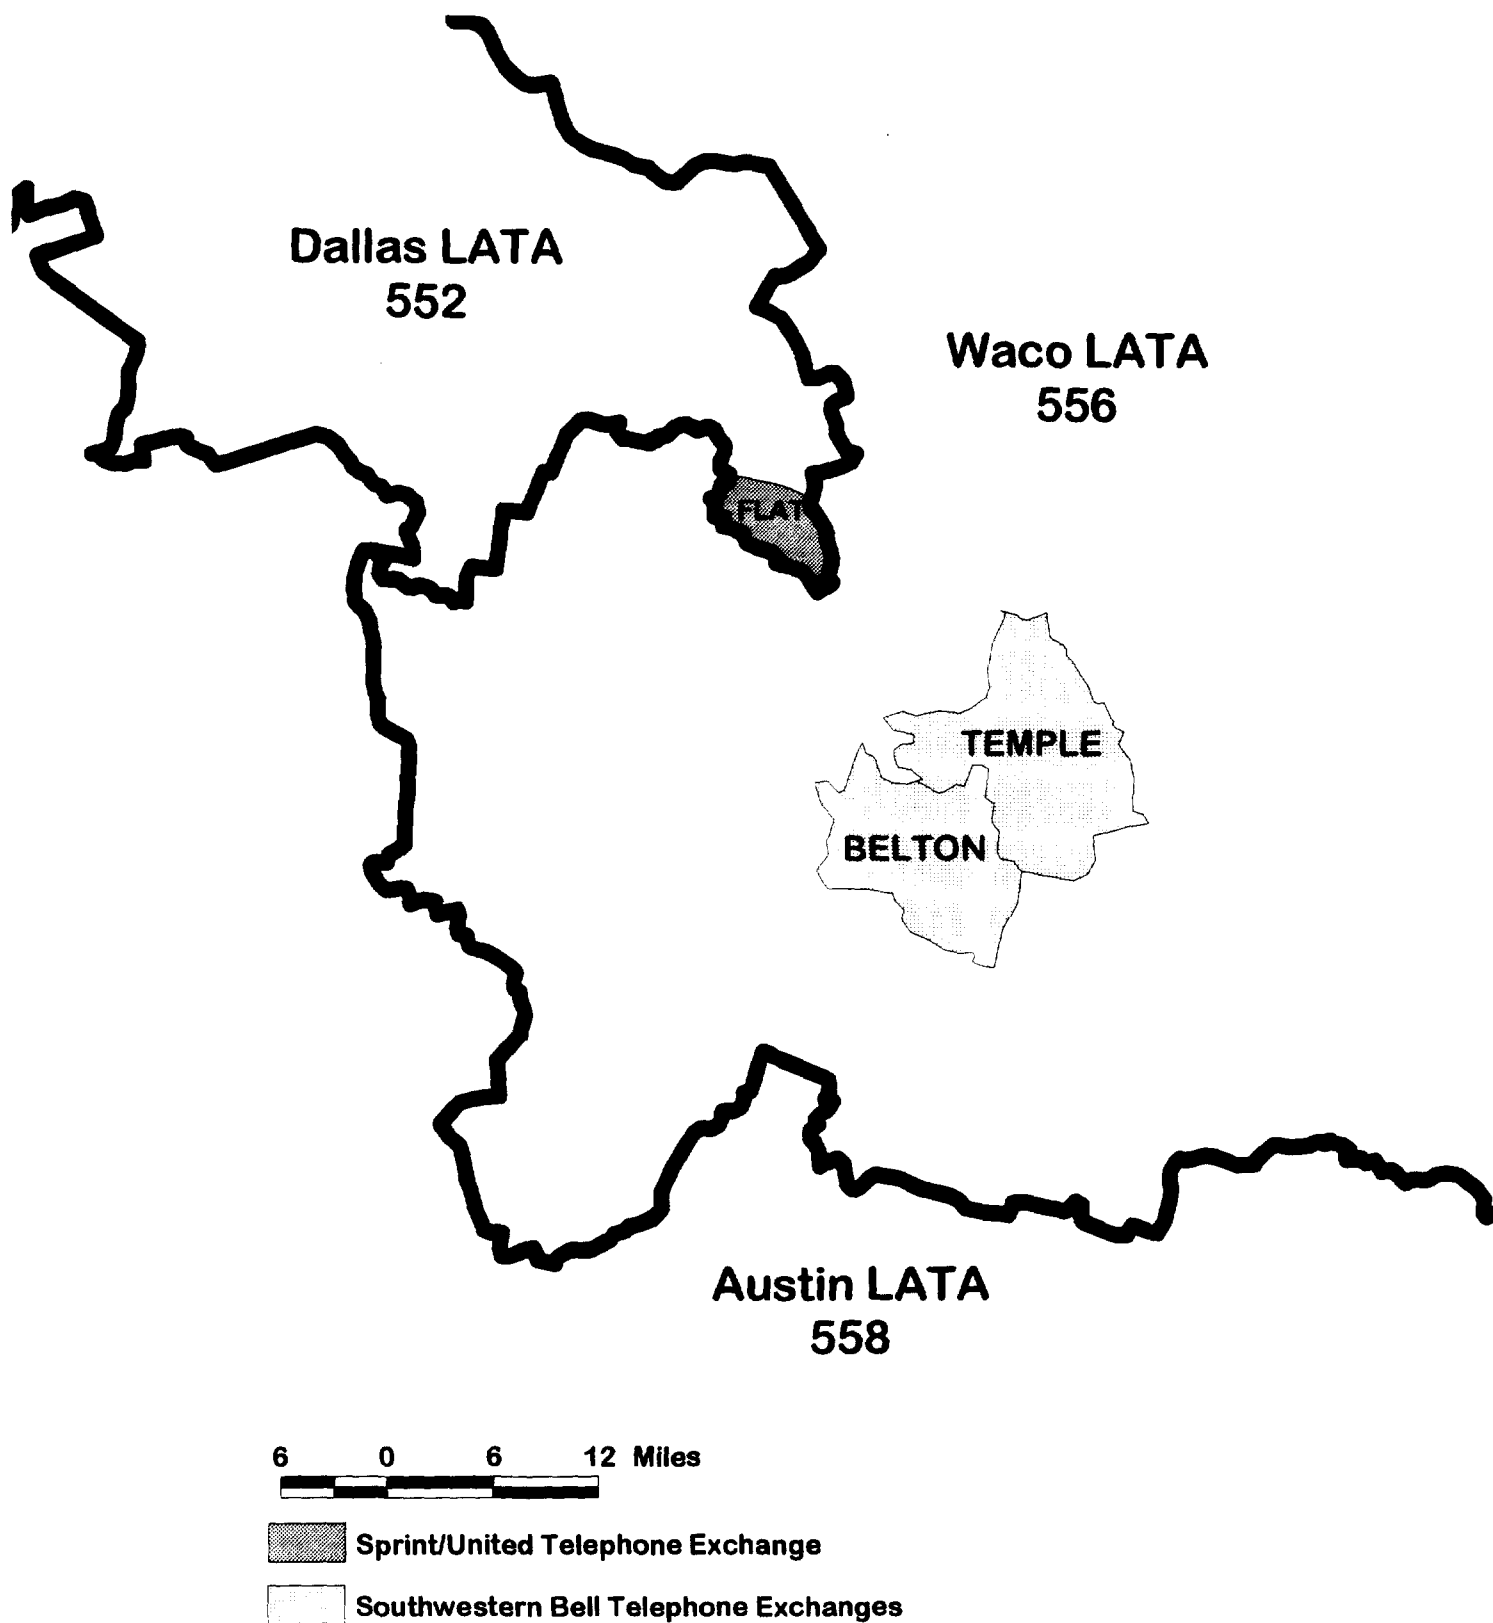

1. This proceeding is unabated.

2. Petitioners from the Flat Exchange have shown a community of interest with the Belton Exchange and the Temple Exchange.
3. Within thirty (30) days of the effective date of this Interim Order, SWBT is directed to file a request for a limited modification of the LATA boundary in accordance with the procedures outlined in the FCC order, *In the Matter of Petitions for Limited Modification of LATA Boundaries to Provide Expanded Local Calling Service (ELCS) at Various Locations*, CC Docket No. 96-159, FCC 97-244, (rel. July 15, 1997) (*Memorandum Opinion and Order*), ¶¶ 23 & 24.
4. Within ten (10) days of the receipt of an Order or Notice from the FCC relating to this petition, SWBT is directed to file such Order or Notice in this project.
